

Highway 89 Accident

Friday, December 4, 2009:

Tuesday evening Kaysville Fire crews responded to a motor vehicle accident at 200 North and Highway 89 involving four vehicles. Kaysville responded to the call with Ambulance 62, Ambulance 63, Engine 61, Heavy Rescue 61, Fire 601 and had mutual-aid from Farmington Ambulance 71.

AirMed was called to the scene and several patients were also taken by ambulance to area hospitals. The accident brought a fatality of a 17 year old female from Layton; our thoughts and prayers are with her and her family.

During the time of the accident Ambulance 61 was out on another medical call, but was called back to the area later for another accident on 200 North just west of Highway 89. One patient was transported from that accident.

Monday evening Kaysville Fire also responded to a single-vehicle rollover on Highway 89 just south Tuesday's wreck.
